Directors & Officers

PRODUCTS

Our risk appetite and high level of professional service will deliver tailored solutions for your clients.

Directors & Officers Liability

This protects directors and officers of public and private companies and not-for-profit organisations against loss arising out of their status or conduct as directors and officers.

As many businesses become more regulated with increasing requirements for corporate governance, EU directives, health and safety regulations, etc. the scope for directors and officers and companies to be subject to claims made against them increases. The consequences of these claims, whether successful or not, can be very severe, and our products are designed to provide protection for policy-holders against these risks.

Prospectus Liability

This protects both the company and its directors and officers against liabilities incurred during a public offering of shares or a debt offering.

Protection is provided against alleged breaches of securities law in relation to the issue of defective disclosure documents through misleading or inaccurate information which is sent to current and potential investors.
